@tamuit

BEFORE CLASSES BEGIN

PREPARE IT:

1

TEXAS A&M GMAIL

CHECK IT

'YourNetID@tamu.edu' is your Texas A&M Gmail address. Accessing your TAMU Gmail will also give you access to Google Calendar, address book and Google Drive. These tools are essential to keeping any important documents or events from getting lost in a black hole! You can learn how to connect your TAMU Gmail at google.tamu.edu.

2

CODE MAROON

ALERT IT

Sign up to receive text message and email notifications about health and safety emergencies affecting Aggieland. This is a free service for all students that helps keep you safe. Learn more about Code Maroon at codemaroon.tamu.edu.

HOWDY PORTAL

ACCESS IT

Available all in one spot, Howdy allows you to view your schedule, parking, degree plans, tuition bills and more! Access it at howdy.tamu.edu.

DEEPLY DISCOUNTED SOFTWARE

GET IT

Get the software you need to protect your devices and launch your success at the Texas A&M software store. See the full list of software available to you at software.tamu.edu.

WHEN YOU NEED IT

ACCESS IT:

OPEN ACCESS LABS & AGGIE PRINT

PRINT IT

With convenient locations and extended hours, OALs offer computer access and on-the-go printing kiosks to provide an out-of-this-world experience. Enjoy color, tabloid and wide format printing with access to special software at every location. In a rush? Print from your computer at aggieprint.tamu.edu and drop in to pick up your prints! You are given \$30 in printing credit per Fall and Spring semester and \$15 for Summer.

ZOOM & LINKEDIN LEARNING

CONNECT IT

LinkedIn Learning has over 700 video tutorials to enhance your skills in software and web development, design, photography and more. Get started now at LinkedInLearning.tamu.edu.

Zoom offers an innovative user experience for video meetings. Utilize tools such as screen sharing, chats and whiteboarding for virtual group meetings and more. Get started at zoom.tamu.edu.

SECURITY TOOLS

PROTECT IT

To stay safe while connected to public Wi-Fi off campus, use the Virtual Private Network (VPN) to block bad bulls from seeing your personal information. Learn more at connect.tamu.edu.

NEED HELP WITH IT?

RESIDENCE HALL INTERNET & CAMPUS WI-FI SET UP

Check out u.tamu.edu/wifi to get everything you need to connect to campus wi-fi (tamulink-wpa) and residence hall internet (ResNet).

OR

CONTACT HELP DESK CENTRAL
